## LICHTENBERGER NEW H. S. COACH

POPULAR HERE FOR HIS WORK AS REFEREE.

## NO PRINCIPAL YET; BERGER IN ENGLISH

Central College Graduate for Miss Keeler's Assistant—Both Men Are Unmarried.

R. R. Lichtenberger of St. Joseph, teacher in the Humboldt school, was elected teacher in manual training and athletic director of the Maryville high school by the board of education last night. Cecil J. Berger of Pilot Grove, Mo., a senior in Central College, Fayette, Mo., was elected assistant in the English department.

No election has been made yet for the position of principal. J. M. McDonald, the new superintendent, and the members of the board are spending much time considering the qualifications of the men who have been recommended for the place.

A delegation of high school boys appeared before the board last night with a petition signed by almost one hundred citizens in favor of Paul Becker, former coach. A speech was made in his favor by Merle Sealeman. The new coach and manual training teacher will receive \$100 a month.

Lichtenberger will be cordially received by Maryville and the high school for his work as referee in several of the basketball games last winter gave so much satisfaction to all sides. He is a graduate of Milliken University in Illinois, having a letter in most branches of sport.

Superintendent Whiteford of the St. Joseph school last year gave an unqualified endorsement to his work. Humboldt's track team under Lichtenberger cleaned up the grade school meet in St. Joseph this summer. Mr. Whiteford also says that the new coach's influence with his students and team members is for the very best.

In a long discussion conversation today, Mr. Lichtenberger said that he was not sure that he would sign the contract, but was favorably inclined. He will leave St. Joseph tomorrow for Decatur, Ill., to visit his mother during the summer.

He is a graduate of the Decatur high school. He was a member of the class of 1914 at Milliken and has been at St. Joseph the last two years. While there he won letters in football and track. He is a member of the Presbyterian church, 22 years old, and is unmarried.

He does not expect to come to Maryville until a few days before the beginning of school next fall.

Berger Has Many Honors.

Mr. Berger was elected at a salary of \$80 a month. He will also act as supervisor of playground work, in which he has some experience. For two years he has been an assistant teacher of the English department of Central College from which he is graduated this year. He has complete charge of the academy English work this year.

He is 6 feet tall and weighs 180 pounds. He has won both the academy and college essay prizes and is literary editor of the Central Collegian this year. He was recommended by the Central College faculty as the best man in English and literary work in school this year. He is 24 years old and unmarried.

## WAITE GETS DEATH SENTENCE

Special to The Democrat-Forum.

New York, June 1.—Receiving his death sentence in the same unflinching manner with which he heard the jury verdict, Dr. Waite today was sentenced to die in the electric chair during the week of July 10. He made a dramatic speech saying that he was glad that he can give life in expiation for the things he has done.

Mr. and Mrs. A. W. Littler and daughter, Hazel, returned last night from St. Joseph, where they went Tuesday evening to visit relatives.

## KINNAIRD TO M. U.

NORMAL AGRICULTURE MAN INSTRUCTOR IN SOILS THERE.

## BELTING TO TAKE PLACE

No Official Announcement Made Yet as Resignation Has Not Been Passed on by Regents.

R. A. Kinnaird, head of the department of agriculture in the State Normal school here, was elected an instructor in soils in the college of agriculture of the University of Missouri by the board of curators yesterday. He will accept the place, resigning his place here to take effect at the end of the summer session.

The resignation will be considered at the meeting of the Normal board of regents next week. Although no official announcement has been made or could be secured, it is understood that C. H. Belting, graduate of the University of Illinois, who came as an assistant to Mr. Kinnaird in the summer session, will be named to his place.

Belting has been in the Emporia Normal. He was an All-Western football man while in Illinois. Kinnaird received his B. S. in agriculture from M. U. in 1913 and an A. M. in 1914. He has been a very popular teacher here and great regret is expressed at his going.

## LINOTYPE MAN INVENTOR

The Democrat-Forum Was Surprised When Hopkins Journal Gave Us the News.

C. A. Showalter of the St. Joseph Gazette, who is now operating the linotype in the office of the Maryville Democrat-Forum while the regular operator, Mr. Hart, is taking a vacation, was a guest in the Journal home over Sunday, this gentleman having learned the printer's trade in the office of the Baldwin, Kan., Ledger, when we were editor of that paper some years ago.

He is an expert linotype operator, the Linotype Bulletin of New York recently reproducing a unique piece of linotype composition by him—"Where the Star of Bethlehem Led," the outline of a star standing out distinctly, showing what can be done on a machine by a capable and ingenious operator. The composition first appeared in the 1915 Christmas number of the St. Joseph Gazette and attracted much attention, especially among the newspapermen.

Mr. Showalter is also an inventor, having a type measuring device on the market that brings him returns each year, the American Type Foundry Co. believing it to be the best thing of the kind ever offered to the trade.—Hopkins Journal.

## RUNAWAY AT HOPKINS.

Team Smashes Into Telephone Pole, Breaking It.

A team of horses hitched to a wagon belonging to George Hocker near Hopkins ran away yesterday in Hopkins. They got scared while in front of the Shely lumber yard and ran several blocks, running into a telephone. The post was broken into two pieces but the horses and wagon were uninjured.

## CRAIG WILL NOT RUN

STATE SENATOR NOT TO FILE FOR CONGRESS.

## SAYS FARM NEEDS HIM

Leaves Field to Booher, Hull, Young and Martin—Confusion as to Last Filing Day.

State Senator Anderson Craig will not seek the Democratic nomination for congressman for the Fourth congressional district. This leaves the field to the present incumbent, Charles F. Booher, James H. Hull of Clarke City, Robert I. Young and R. Raleigh Martin of St. Joseph.

Senator Craig said the following concerning his decision not to make the race:

"The poor condition of the crops with the need for planting almost all the corn again and the personal attention which my farm demands have caused me to decide not to make the race. I am sorry to disappoint my friends over the district and am grateful for their support and warm friendship."

Considerable confusion seems to have arisen over the day when filings should close. The Kansas City Star says that today is the last chance but the St. Joseph News-Press announces that filings through tomorrow will be legal. County Clerk Fred Yeomans announces that he will accept all filings entered tomorrow.

Both county tickets are now filled with the exception of public administrator on the Republican ticket. No Republican has filed for congressman, state senator or circuit judge for the districts and circuits in which Nodaway county is placed.

## G.O.P. ALL FOR HARMONY

NATIONAL COMMITTEE STARTS WORK BY AVOIDING CLASH.

Virginia Contest Is Referred Back to State Body—Great Contrast to Four Years Ago.

Special to The Democrat-Forum.

Chicago, June 1.—The first official act of the Republican National committee today was to refer back to the Virginia state committee for settlement of the contests that have been filed in behalf of the delegates from that state.

Chairman Hilles sprang an innovation by suggesting that the national committee be excluded from voting in contests in their own state. The suggestion was ratified without a protest.

For the first time in twenty years the contests were comparatively unimportant, dealing chiefly with personal questions peculiar to localities from which they sprang. The contrast between today's meeting and that four years ago was strongly marked. The overwhelming demand was for harmony.

## HOPKINS PROGRAM

CHAUTAUQUA THERE FROM AUGUST 22 TO 29.

## CHILD WORKER TO COME

Former Minister to Greece, Fred Williams, on List of Speakers Coming.

The date of the Hopkins chautauqua has been decided on, beginning on Tuesday, Aug. 22, and lasting five days. C. C. Corlett, field manager of the chautauqua, was in Hopkins last week and said to a Journal representative that the talent this year promises to excel anything we have had here.

The music includes two big numbers that ought to prove highly satisfactory. One of these is Quintano's great band and the other Our Home Singers. Quintano's band has a fine reputation throughout the east and has been a great favorite on chautauqua platforms. Our Home Singers, as the name indicates, sing the old songs that have already found a lodgement in the hearts of the people.

The other musical numbers are The Orpheum Musical Club, a male quartet; the St. Claire Sisters, a clever family group of high grade musical entertainers, and the Parnells, a company of exceptional merit.

For first honors on the speaking list the die will fall between Judge Manford Schoonover of Kansas, and J. Fred Williams, ex-minister to Greece. Both of these gentlemen are prominent in American public life, and very able. W. L. Y. Davis is a popular lecturer, as is D. M. Kelly. Mr. Kelly makes a great specialty of his work as the friend and champion of the boy.

C. H. Plattenburg will deliver his celebrated lecture on "Worms Beneath the Bark." This is his foremost production and is a winner everywhere. Plattenburg is also an authority on town building and has cemented together the interests of scores of communities.

Among the entertainers there is Anna Davault, a ready and impersonator of remarkable abilities, and Edward Reno, whom many class as the greatest magic worker in America. He does all his acts single handed and is a delight to the children and most grown-ups as well.

A children specialist will hold a morning session at least four days for the exclusive benefit of the children, and special features will be provided for their amusement and instruction.—Hopkins Journal.

## WANT OUR BAND IN K. C.

Terms Asked of Fourth Regiment for Preparedness Parade June 20—National Aids by 70 Bands in Union.

The National Security league of Kansas City has written to the Fourth Regiment band asking for their terms to come to Kansas City June 20 and march in the great preparedness parade which is being arranged for that day.

Sixty or seventy bands will be employed by the Kansas City league for the occasion. At some hour in the day all the bands will be assembled in one place by E. Harry Kelly, grand bandmaster for the parade, and all the national aids will be played by all the musicians. It is expected that this will be one of the most impressive features of the day, with more than a thousand instruments joining.

## ELMO BRIDGE WASHED OUT

MORE TROUBLES FOR THE OMAHA-ST. LOUIS WABASH LINE.

Hard Rain in Northwest Part of Country—Trains Running Again by This Morning.

The Omaha-St. Louis line of the Wabash is running in hard luck this week. A wreck night before last and a bridge washed out last night keeps up the trouble. The bridge is a small one a mile and a half east of Elmo. The track was badly washed last night between Burlington Junction and Blanchard by a heavy rainfall.

The bridge was replaced and trains were running again this morning. No. 12 east bound in the morning was delayed almost an hour by the bad condition of the tracks. No. 11 the morning train westbound was detoured from Chillicothe to Omaha over the Burlington through St. Joseph.

The report at Elmo is that a heavy hail and rain fell there last night. Hail stones as large as hen's eggs covered the ground. Mill creek near town was higher than it was at any time last year.

## REGULAR NOCTURNAL RAIN

May Record Was Brought Almost to 11 Inches—Electrical Storm Again.

The rainfall last night will go in the official report of June, as the measure is taken each morning, but the 42 inch that fell last night will bring the rainfall for the month of May to almost eleven inches, as it fell before midnight.

The rain that fell last night was preceded by an electric storm lasting several hours. No damage was reported from the lightning, as it was sheet and heat lightning.

## GEORGE, NOT JOHN KELLY.

Complaint on Horse Running at Large Changed.

The case of the city against John Kelly, charged with permitting his horse to run at large, was dismissed by Mayor Robey, as the horse in question did not belong to Mr. Kelly but his son, George Kelly. So Ernest Ulmer, who filed the complaint against Kelly, issued one against Kelly's son, charging him with disturbing the peace and permitting his horse to run at large.

## CARRANZA GETS "NO" ONCE MORE

FLAT REJECTION OF HIS DEMAND BY WILSON.

American Soldiers Are in No Danger, Though Outnumbered Three to One.

Special to The Democrat-Forum.

It was stated that the American forces are going to remain where they are until "outlawry has been suppressed and conditions are satisfactory."

## F. W. CROW HIT BY AUTO

SLIGHTLY BRUISED BY FORD CAR DRIVEN BY MISS GORMAN.

Accident Happened at Corner of Main and Fourth—Car Was Running Slowly Around Corner.

F. W. Crow was struck and bruised slightly by a Ford car belonging to Patrick Gorman and driven by his daughter, Miss Loretta Gorman, yesterday afternoon about 6 o'clock. The car had come from the east on Fourth street and was turning north into Main street.

The accident was principally due to the large pile of bricks and rock in Main street for the new bank building. Witnesses of the accident, among them Mayor A. S. Robey, say that the car was not running fast at all. Mr. Crow also says that no one was to blame.

Mr. Crow saw the car when it was just upon him and jumped into the air, landing upon the top of the hood and rolling to the pavement. He was bruised and shocked somewhat but after first relief in the Pearson pharmacy was taken home in the Gorman car. Miss Gorman has driven the car only a few times and was probably unable to stop the car as suddenly as a more experienced driver might have done.

Mayor A. S. Robey conferred with the superintendent of construction on the building concerning the large pile of brick. It was agreed that it should be moved back to the center of the street, according to the agreement of the building permit. Complaint to the city was made by J. B. Nunnally.

## WENT HOME IN BARREL

Frank Billings of Hopkins Sold Suit and Underwear for "Immediate Delivery."

It takes Hopkins to pull off real stunts. Frank Billings the young medical student, was in the Lewis restaurant Monday afternoon when some one bantered him to sell the suit he was wearing. He named a price and the offer was at once accepted, it being stipulated that he must deliver the suit then and there. George Lowery then made an offer for his underwear, the stipulation being the same as with the suit. This offer was also accepted, leaving Billings with nothing on but his shoes and socks, or in other words as bare as the plates in the historic cupboard of old Mother Hubbard. How to reach home in broad daylight now confronted the young man, but the owner of the restaurant came to his rescue by going to a near-by grocery and buying a barrel. The head was knocked in and Frank then surrounded his anatomy by pulling it down over his head, making his way home through the business streets with as much dignity as if he had been wearing a Prince Albert suit. Quid nunc?—Hopkins Journal.
